◆ **A mobile phone: Necessity or Nuisance : (July - 2018)**

Mobile phone is a device that helps people who are at distant places to talk to each other with the help of radio frequencies. John F. Mitchell and Martin Cooper of Motorola had demonstrated the first ever handheld cellular mobile phone in 1973 which weights 2 kg. The first ever commercially launched handheld mobile phone was DynaTac 8000 x, which was launched in 1983, after the developments of cellular network in various countries and since then mobile phones have completely changed the lifestyle of the whole world.

Mobile phones in the today's world

During the early days of Mobile phones they were used as a luxury and were having very few functions, basically calling, but nowadays Mobiles have got so many features that it may even replace many other gadgets like computers, calculators, torch, telephone, radios, etcetera. In today's world almost every person possesses a mobile phone; it has become an integral part of their lifestyle.

But the question is does it really matters so much or it's just a nuisance?

Mobile phones- A necessity

Mobile phones, mainly smartphones, possesses lots of useful features in it which has completely changed the lifestyle of humans making it to a very comfortable. It saves lots of time of the users by performing many activities at a very quick pace. There are various reasons to say that it has become a necessity for human beings, some of them are as follows:-

- It makes contacting with people at far distances very easy and quick.
- It provides access to internet which helps in gathering knowledge about anything at instant.
- It has made Banking and other Financial activities very quick, safe and effortless.
- It also performs functions of various other gadgets also, which removes the hindrance of keeping and carrying multiple gadgets like camera, calculator, torch, and etcetera.
- These days many businesses and jobs are totally based on the use of mobile phones.
- Life have become very tensed and fast, people don't even have time for entertainment but Mobiles also help in solving this problem.

Mobile phones- A nuisance

As mentioned above mobile phones are of great use but people have started using it in such a way that it has created many problems for everyone. Due to these reasons we may say that

mobile phones have become a nuisance. Some of these reasons are:-

- People prefers to texting even with the family members while at the same place rather than talking.
- Texting is off great use but it has made
- People nowadays have become addicted to mobile phones and they feels like they can't even live a day without it.
- Mobile phones send out certain radiations which are very harmful for everyone.
- It has given birth to several cybercrimes.
- Nowadays children prefer playing games at home on mobile phones rather than going out and play which is giving a birth too many diseases.

Conclusion

At last we may conclude that mobile phones are a blessing and have become a necessity for human beings but only if they are used in proper manner.

67. Dhruvi is going to deliver a speech in a competition about 'the real freedom'. Prepare a speech in about 100 words on his behalf. [06]

Respected M. P. Shri Mansukhbhai Mandaviya Sir, our M. L. A. Shri Keshubhai, trustees, principal Sir, teachers, brothers and sisters. Allow me to greet you on our Independence Day, and add my joyous sound shouting 'Bharat Mataki Jay' with the gamut of yours. The subject I choose is freedom.

Richard Lovelace sang, " Stone walls do not a prison make, nor iron bars a cage. " Thus, freedom is state of being. OSHO Rajnish always advocated freedom. Of all living bodies, only mankind thinks of past and future. We worship our predecessors. We have insecurities and fears based on past and future. We are attached to things, relatives, name, culture, religion, nationality, doctrines, reputation, sins, virtues, guilts and achievements. They are hurdles in our r journey to freedom.

Franklin Roosevelt advocated four types of freedom. They are freedom of speech and expression, freedom to worship God, freedom from want, and freedom from fear.

Then, what is freedom? It can be defined from various aspects. It varies from culture to culture. Like Tilakji, some define it as natural birth right for human being. In that sense, freedom is the right to do, eat, and learn what one wants, to live where he wants, and follow the religion of his desire, without neglecting or ignoring other people's rights. In other words, freedom can be better enjoyed only when we respect others' right to enjoy their freedom. If anyone is deprived of this innate right, he will definitely feel as if he is not respectful. Among all freedoms, freedom of speech and expression is the most valuable. If it is not granted by the authority, the creativity of mind is vanished. It is a big loss to the entity itself. Our freedom of opinion is controlled by culture and government. To sum up my speech, I quote Gurudev Tagore.

**"Where the mind is without fear, And the head is held high.
Let my country awake."**

A seminar on strengthening mental flexibility was arranged in your school. Write a report on it in about 100 words. (July-2018)

3rd Nov., 2021.
V.R. Sheth School.

As we all know, National Stress Awareness day is celebrated on the first Wednesday of September every year. Following this day, our school organised the celebration of National Stress Awareness day. School secretary organised all the arrangements. In the morning, we were all gathered at the

school assembly hall where we prayed to Devi Saraswati. After finishing the prayer, Our principal started the seminar introducing the chief guests. The chief guest was Dr. Arish Rao, one of the greatest psychologists of Suart. He served very precious knowledge about mental state and the solutions to overcome mental problems. One of his statement which I always remember was "Don't think what the people will say, think what you like to do and go ahead". Some tricks to strengthening mental flexibility were given by Dr. Rao. Importance of Yoga and Pranayam in state of mind was also explained to us. After finishing his valuable speech, we all performed Yoga and Pranaym. Students' feedbacks and commitments were taken in written. At last, by giving the slogan "the man is not fit who seems fit physically, but the man is fit who is fit physically as well as mentally" the seminal was run towards the completion.
